

Site Name: Online Sale

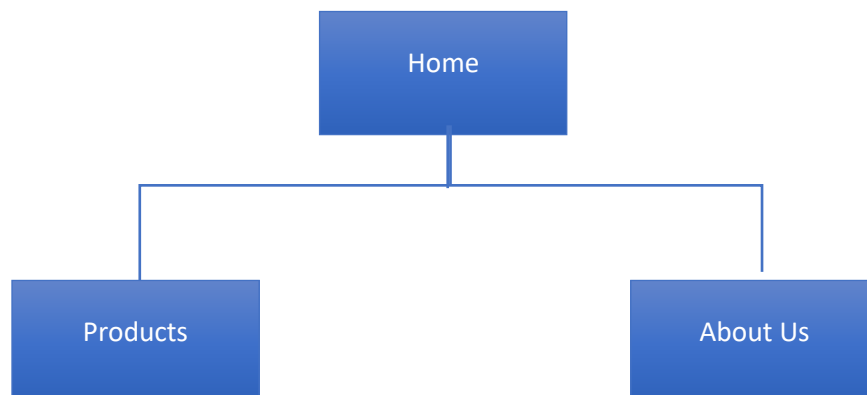

Site Purpose

Online sale is a business where you have possibility to purchase products, our products are multiple, we will start our business with technology products such as: computer, tablet, phone, internet router, headset and other mobile devices. And then we will expect to add some new products: men's dress shoes, women's dresses clothes, computer suitcase, suitcase for men and women.

Target Audience

we will provide information about all our products and a description about them, you can purchase by credit card and physically because we will have some annexes in all American country, we have a limited access country. There are only people of American countries that can buy our products because it will difficult to ship outside of the America.
